DF 3000 MPT

The **DF 3000 MPT** (Mobile Power Tank) is a dust control unit equipped with a fog cannon installed on a manual telescopic mast, a plastic water tank, a power generating set and an optional road trailer. A perfect solution for small to medium sized working areas where water and energy are not available.

STANDARD EQUIPMENT

- Telescopic vertical mast (max. height: 4m)
- 1000 litres water tank
- 3,7 kW - 230 V integrated generating set
- Integrated control panel
- Stainless steel crown with nozzles
- Nebulizer cone foldable for transport
- Telescopic mast with double crank winch
- Water Supply and Main Electricity network connections
- High pressure washer connection
- Water draining system
- Structure on base with forklift pockets for easy handling

CONTROL PANEL

Integrated control panel including:

- command switches
- circuit breakers
- emergency stop button

NOZZLE CROWN

Fog cannon with stainless steel crown equipped with 12 spray nozzles for water nebulizing.

TECHNICAL DATA

DF 3000 MPT

Electrical engine power (fan)	kW	2,2
Coverage (without wind)	m	20
Generating set with diesel engine	-	3,7 kW 230 V - Yanmar L70N
Fuel tank capacity	litres	18
Water tank capacity	litres	1000
Water consumption	l/min	6,25
Lifting system	-	Manual
Manual tilting system	°	-30/+10
Running time	min	160
Water inlet filter	μ	170
Working angle	°	335
Dim. on base (L x W x H min/max)	mm	2374 x 1210 x 1990/3920
Dim. on road trailer* (L x W x H min/max)	mm	3780 x 1215 x 2540/4470
Dry weight on base / on road trailer*	kg	490/840
